

My Thoughts

Use drawings or words to show what you think about these questions.

1. What things give us light?

2. How does light help us see?

Draw arrows to show your answer

3. How does light travel?

4. How far does light travel?

5. What is a shadow?

1. What things give us light?

2. How does light help us see?

3. How does light travel?

4. How far does light travel?

5. What is a shadow?
